Hi all, circling back on the talkers. If we're able to get them by lunchtime that would be a great help. Thanks to those that have already sent them.

Best,  
Chris

Team,

Adm. Wheeler will be traveling to the Pittsburgh area on Monday. He'll be doing an event with the Marcellus Shale Coalition and the Washington County Chamber of Commerce as well as a visit with a conservation group.

OAR – could we get the usual talkers/background sheets on the big Marcellus/oil & gas issues – methane, emission controls, etc...? (Clint, I already touched base with Alex on this.)  
OCFO – could we get talkers on the president's proposed fy 19 budget funding reductions to EPA (Congress has already worked its will to ensure funding via the last spending package, etc.)?  
OLEM – could we get talkers on abandoned mines?

There may be other requests for additional topics coming your way, but I wanted to get these requests out ASAP. We'll need to put everything together by 4pm tomorrow so if you can get it to me before then that'd be much appreciated. Tate, if I forgot anything on here, feel free to add to this.

Thanks all!

Chris
